Lutheran Church Notes

By Rev. C. R. Lowe.

We picked up a little story the
other day about a man who contin-
ually told his wife each Sunday morn-
ing to go to church for him, as well
as for herself. After some time, he
had a dream and dreamed he and his
wife stood at St. Peter's gate seek-
ing admittance. His wife stepped in
almost immediately, but when he
tried to follow St. Peter interposed
his hand and said, "She has entered
for you and for herself." According
to the story, he awoke with a shud-
der and resolved to go to church for
himself. Only a story, it is true,
but there is a point to it. Probably
no one says this in so many words,
but they act it. How many cases in
which the husband lets the wife go
to church alone. A lot of cases
where the wife is a stumbling block
to the husband's going, and a lot
where the parents do not make it
possible for their children to go. I
am not telling an idle tale, but the
truth. We do not see the result of
it now, but when they are grown to
manhood and womanhood and are
without a strong right character,
we can see it. Many more times
than we reckon, the parents have no
one to blame for the waywardness of
their children but themselves. I
have even known mothers to oppose
their daughters making a christian
profession and later the child go
wrong. Who was to blame but the
mother? There is no such power as
the love of Christ to keep people in
the path of rectitude. And when
there is no christian character de-
veloped it is no wonder so many
yield to temptation. The only way
to insure good men and good women
is by the love of God. People of times
sorrow for what they might probably
have prevented. The work of the
church is worth your while. A
christian life is worth your while.

Our Synod did not convene this
week as expected, but was postponed
until called by the president, on ac-
count of the influenza epidemic.
Rev. S. DeFreese of Omaha, a dear
friend of the pastor, died of it last
week. He was pastor of our St.
Mark's church.

Luther Aksel Christensen, the son
of Mr. Aksel Christensen, was bap-
tized at Homer last Sunday after-
noon.

Invoice the Wardrobe

Invoice the wardrobe carefully be-
fore planning to buy, and know what
is really needed, says Helen Lee Da-
vis, in emergency bulletin No. 9.
This bulletin contains many excel-
lent suggestions on clothing, choice
of materials, children's clothes, mak-
ing versus buying, making over gar-
ments, economy in buying gloves and
shoes, extravagance, etc. Those
wishing to save on clothes in this
day of high prices will find this bul-
letin helpful. Address Extension Ser-

There will be services in the Luth-
eran church Sunday, October 20th.
Rev. Andersen officiating.
The infant child of Mr. and Mrs.
Will Rooney is quite ill.
The Joe Hartnett family have been
on the sick list, but are getting
along nicely now.
George Hayes, Frank Lussier, John
Nelsen and Peter Peters shipped
stock out of here last week.
We have some rare bargains in
outing flannels. New goods for fall
bought before the advance in prices.
Geo. Timlin.
Tom Long received word Monday
that his brother John, of Peoria, Ill.,
had died. Mr. Long left Tuesday to
attend the funeral.
Patrick Jones, wife and daughter
motored to Sioux City Tuesday.
F. Nelson has rented the Graham
farm.
Jas and Della Timlin came in
from O'Neill Tuesday to be at the
bedside of their sister, Mrs. Hee-
ney.
Woolen goods of all kinds are now
very scarce. We are, however, sup-
plied with our fall shipment of wool-
en underwear and would advise you
to buy now while you can get what
you need. Geo. Timlin.
Jack Heffernan autored to Sioux
City Tuesday.

her wrist Monday.
Maytag Multi-Motor Washer ad-
vanced in price \$10.00 Sept. 4th. We
have a few bought on contract, and
while they last will give you an op-
portunity to own one at the old price.
Geo. Timlin.
Mrs. James Heeney passed away at
3:15 Tuesday evening. She had been
ailing for about a week, but nothing
serious was looked for until Monday,
when all the relatives were called to
her bedside before she passed away.
Mrs. Heeney was a devoted christian
woman, a kind neighbor, a loving
wife and mother and one who will be
greatly missed, as she was loved and
respected by all who knew her. The
sympathy of the entire community
goes out to the bereaved ones in the
loss of a dear one. God picks the
choicest flowers, and it should be a
comfort to those left behind to know
this. She leaves to mourn her loss,
Mrs. Anna Timlin, James Timlin,
Della Timlin and Michael Timlin, of
O'Neill; George Timlin, James Hee-
ney and Francis Heeney, of Hubbard.

JACKSON

Lightning struck the big barn on
the Chris Severson farm Monday ev-
ening, burning it to the ground. On-
ly for the prompt arrival of the
neighbors the other buildings would
have burned.

Dr. Magril has purchased the prop-
erty east of the drug store from John
Ryan and as soon as the old building
can be torn down he will begin the
erection of a bungalow.

W. T. Bartlett of Sioux City, was
in town a short time Monday enroute
to Ponca.

Dr. Magril has been confined to his
home the past week by illness. His
practice here has been looked after
by Dr. Maxwell of Dakota City, and
Dr. E. A. Jenkinson, of Sioux City.

Joe Waters wrote his parents last
week of his safe arrival overseas.

Among those who were confined to
their homes he past week with se-
vere attacks of lagrippe are, Mrs. J.
A. Hall, Mrs. John Flannery, the John
Daley family, Josephine Brannan and
the P. Heenan children.

Harry Goodfellow has purchased
the Kate Flannery property here,
now occupied by Mrs. Amy Brady
and daughter.

Harry Baxter of Ferry, spent over
Sunday in the Fred Beyer home.

During a foggy morning last week
Fred Beyer had his gas car badly
damaged by running into the freight
on the Burlington road. The crew
escaped injury by jumping off the car.

Ruth Ryan, who has been seriously
ill the past week, is somewhat im-
proved. A trained nurse is helping
care for her.

Mr. and Mrs. Amos Linafelter, of
Waterbury, visited friends in town
Monday. Mrs. Linafelter was for-
merly Miss Lizzie Laird, of this place.
John Butler, who had been ill the
past week with pneumonia, is now
able to be up and around the house.

Agent Bottolfson and wife have
come to housekeeping in the W. F.
Hickey cottage.

Economy in Shoes

Emergency bulletin No. 12 makes
the following suggestions concerning
economy in women's shoes. Cheap
shoes are not economy. Carefully
fitted shoes wear longer than poorly
fitted ones. Substantial heels do not
wear off nor run over as easily as
fancy heels, and they are in good
style and better for health. Plain,
lightweight, black kid shoes are most
economical for dress wear. They are
always in good taste, look well with
any costume, and wear well. While
the leather supply is limited why
not create a demand for cloth tops,
which wear well and look well? Keep
heels in good repair; otherwise the
whole shoe loses shape. Have shoes
resoled as soon as needed. Wear
rubbers in wet weather. This pre-
vents dampness from rotting the
threads which holds the soles to-
gether. Keep shoes clean and invest in
a good polish and brush and care for
your own shoes.

RED CROSS NOTES

Dakota County Chapter

Quotas on surgical dressings and
hospital garments have been received
and assigned during the past week.
When the materials come, the work-
room will be re-opened.
The clothing for Belgian Relief was
shipped October 5th. The response
to that call in this community was
splendid, and with very few excep-
tions the garments sent in were in
good condition and met the require-
ments of the commission for Belgian
relief.

A statement of the finances of the
local chapter appears elsewhere in
The Herald. Please read it.

Elmer Creek Branch

The meeting for the election of
officers will be held the third Wed-
nesday in October, the 16th, at 8
o'clock. Everyone must try and
come.

The Belgian Relief was very gen-
erously contributed to by this branch
and many thanks to the ones who
contributed so heartily, and we hope
that if we have another call we will
be able to go "over the top" again.
This time our quota was 100 lbs., but
we were able to send 215 lbs.

Jackson Branch

The new quota for this month is
15 bath robes in the work room and
500 8x4 compresses in surgical dress-
ings.

Oct. 1, 1917.

Hon. J. S. Bacon,

County Treasurer,

Dakota City, Nebr.

Dear Mr. Bacon:-

I just want to tell you of the good taste
I have in my mouth after the examination of the accounts
of your office. It is really a pleasure to make an audit
where the accounts are kept as they are in your office.
Permit me to congratulate you on the manner in which you
keep your accounts.

Sincerely yours,

White Grubs in Potato Fields

During May and June of 1917 there
was an unusually heavy flight of the
large, heavy-bodied, dark-colored bee-
tles which are commonly known as
May beetles or "June bugs." These
beetles laid a great many eggs in the
fields. During the following summer
these eggs hatched into small white
grubs which burrowed down deeply
into the ground in the fall and spent
the winter there. The past spring
many fields of potatoes were put into
such grub-infested soil, and as a re-
sult many cases of rather serious in-
jury to the tubers have been reported.
The half-grown grubs have been
working on the potatoes all through
the summer, gnawing at them and
eating large pits in them, thus pro-
moting their early decay. This in-
jury will continue until the grubs
stop feeding and go down into the
ground for wintering, sometime dur-
ing October. They will feed again
next spring upon whatever the in-
fested fields are cropped to, about
June 1. In order to prevent injury
the Entomology department of the
University says the potatoes should
be dug at once, and immediately
thereafter the field should be given
a deep plowing. Then next season
plant the potatoes in the same field,
or following corn, alfalfa or clover,
but not following grass. If possible,
pasture the infested field with swine
after the potatoes are dug and the
field plowed.

Wintering Mature Brood Sows

A very light grain ration and let-
ting the sows eat alfalfa at will from
a rack has been found to be a good
way to winter mature brood sows,
according to Nebraska Agricultural
Experiment Station Bulletin No. 162,
entitled "Wintering Mature Brood
Sows." Experiments were conducted
at North Platte Substation in
feeding old sows a ration of chopped
alfalfa hay in a rack and shelled
corn in a trough. The results favor
the hay in a rack, with a light grain
ration. This bulletin will be sent
upon application to Nebraska Experi-
ment Station, Bulletin Clerk, Uni-
versity Farm, Lincoln, Neb.

Opportunities for Drafted Boys

Many inquiries are being made re-
garding military training in the
school of Agriculture at Lincoln.
This school offers opportunities in
military training to boys of draft age
with a common school education.
Courses are offered in mechanics,
tractors, automobiles and trucks, ag-
riculture and other subjects valuable
to boys who may be called into mili-
tary service. Registration in the
school of Agriculture begins Oct. 11.

MABLE MONTGOMERY RECOVERS
AFTER LONG SUFFERING
BY TAKING TANLAC.

"No one could see the wonderful
change that has taken place in our
little daughter during the past few
weeks and doubt Tanlac being a
grand medicine," said Mrs. H. W.
Montgomery, residing at 2701 Bristol
Street, Omaha, Neb., recently.
"Mable is now thirteen years of
age," continued Mrs. Montgomery,
"and had suffered terribly for five
years. One of her troubles was in-
flammatory rheumatism. Her feet
and hands would swell very badly
and at times she couldn't walk. She
had no appetite, suffered with fright-
ful headaches and in place of grow-
ing she seemed to be losing ground.
She was often in bed for several
weeks at a time, and we had to keep
her out of school all the past year.
She was a very sick child, and al-
though we spent lots of money for
medicines nothing seemed to reach
her trouble and we had begun to
think she would never get well.

"One of our relatives urged us to
give her Tanlac, and now you wouldn't
take her for the same child. She
has actually gained thirty-four
pounds and looks the picture of
health, and to all appearances is per-
fectly well. She never complains of
an ache or a pain nor a disagreeable
symptom of any kind. She is brim-
ful of life and ambition now, and
enjoys life and play like other child-
ren. Soon after she began on Tanlac
her appetite came back, and she in-
creased in weight so fast that we
were astonished, and the swelling,
pain and headaches gradually dis-
appeared. She is now able to enter
school again, and we are more than
grateful for what Tanlac has done
for her. I have also taken Tanlac
for loss of appetite, poor digestion
and nervousness, and it has done me
a world of good. I feel fine all the
time, and am glad to say all I can
for Tanlac."

Tanlac is sold in Dakota City by
Neiswanger Pharmacy.—Adv.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach
the diseased portion of the ear. There is
only one way to cure catarrhal deafness,
and that is by a constitutional remedy.
Catarrhal Deafness is caused by an in-
flamed condition of the mucous lining of
the Eustachian Tube. When this tube is
inflamed you have a running ear or im-
perfect hearing, and when it is entirely
closed, deafness is the result. Unless the
inflammation can be reduced and this tube
restored to its normal condition, hearing
will be destroyed forever. Many cases of
deafness are caused by catarrh, which is
an inflamed condition of the mucous sur-
faces. Hall's Catarrh Medicine acts thru
the blood on the mucous surfaces of the
system.
We will give One Hundred Dollars for
any case of Catarrhal Deafness that cannot
be cured by Hall's Catarrh Medicine. Cir-
culars free. All Druggists, 75c.
